

Diving – judges chairs

The moveable judge chair used for judging. Aluminum referee chair. Stable construction

Height requirements for judges chairs are:

- The judges shall be seated at a height of not lower than two meters above the water level.
- When judge is seated behind another judge, chair shall be 0,5m higher.
- Therefore, in the situation of 6 judges on one side for synchronized diving at 3 or 10m, there are three rows and therefore rows of 2, 2,5 and of 3m high chairs.
- Please refer to diagram enclosed.

Accordingly requirements are:

For 1m springboard competition: 7 x 2m high judges chairs

For 3 and 10m competition: 7 x 2m high judges chairs

For synchronized diving at 3 or 10m: 6 x 2m, 4 x 2,5m and 1 x 3m high judges chairs

For complete information please refer to FINA facilities rules FR5.3

Unique qualities:

- Easy to Place and move anywhere around the pool area
- Seat with water drainage
- Lightweight and easy to transport
